COMMUNITY SPIRIT

Through the mist of the past, filling the pages of history, is the Warrior Prince, while woven into the romance and fiction of the centuries, is the Merchant Prince.

Great was the Warrior Prince, but Greater was the Merchant Prince. The lure of gold, unrelenting enterprise, skill and vision made paths in the trackless oceans, traversed burning deserts, penetrated jungles, joined together distant lands and made their languages almost as one.

Now comes Community Spirit, to whose softening influence, ruthless individualism gives way and interdependence and mutuality of interest finds place.

The Greatest Good is the Common Good.

Long Life to the Community Spirit.
